## Implementation Status Report IV
October 1976

## Introduction

This publication is the second statistical summary and the fourth semiannual report pertaining to desegregation of higher education in Arkansas. A more detailed narrative of desegregation status at Arkansas colleges and universities is published each year during the month of March.

This statistical summary, Implementation Status Report IV, is presented in four sections. Section One presents data relating to student enrollment patterns and student financial aid. Section Two presents data relating to academic and nonacademic employees, salary ranges, faculty ranks, and student/faculty ratio at Arkansas institutions of higher education. Section Three includes data describing facilities by designated utilization at Arkansas institutions. Section Four details the composition of governing boards for Arkansas colleges and universities. Appendix A is a report of the quarterly meeting of the Statewide Desegregation Advisory Committee and Appendix B includes sample forms used in data collection.

Mr. Charles M. Hodge, Coordinator for Human Resources
Mrs. Wanda Cockrell, Secretary

The meeting was called to order by Mr. Charles M. Hodge at 10:30 A.M. in the Conference Room of the Department of Higher Education, Little Rock. As announced, the primary purpose of the meeting was to provide the committee with an annual report and analysis of desegregation-related activities that occurred during the academic year.

Mr. Hodge announced two new committee members and the institutions they represent: Dr. Georgena Duncan, Arkansas Polytechnic College and Mr. Ronnie Garner, Garland County Community College.

Mr. Hodge summarized the desegregation activities during this academic year. Discussion to clarify issues reported was permitted and occurred throughout the meeting. The report of the year's desegregation activities included the following items:

LETTER FROM OFFICE FOR CIVIL RIGHTS

Last August the Governor received a letter from the Director of Region VI, Office for Civil Rights outlining certain deficiencies, from their viewpoint, regarding the Arkansas Desegregation Plan. The information requested was provided. As a result of that response, the Office for Civil Rights asked for additional information in January. Again, with the assistance of this committee, the Governor provided an addendum to his October letter. At this time, a response to this letter has not been received; however, the Office for Civil Rights has received all of the information requested to date.

OFFICE FOR CIVIL RIGHTS VISITS TO ARKANSAS INSTITUTIONS

During the last academic year Office for Civil Rights representatives have been in the state several times and have visited several campuses. The primary purpose of their visits was to determine for themselves the implementation of the Desegregation Plan. For the first time they visited community colleges in the state. Visits were made to East Arkansas Community College and Phillips County Community College. As a general conclusion, they were pleased; and they now have a better feeling of how community colleges fit into the Arkansas system of higher education within the state. The Office for Civil Rights representatives also visited Arkansas State University with major emphasis on recruitment activities. Further visits were made to Henderson State University where the major emphasis was to determine the impact of the new policies on black students. The primary reason for the visit to the University of Arkansas at Pine Bluff was to view the construction now taking place on that campus.

SEMIANNUAL REPORT

The March Semiannual Report has been forwarded to the Dallas Regional Office for Civil Rights (copies of the Report were distributed to committee members attending the meeting).

DESEGREGATION REPORTS

New procedures for reporting desegregation related activities were outlined. The information provided related to anticipated changes to the OCR forms, 1000 series.

IMPLEMENTATION OF DESEGREGATION PROGRAMS

Information regarding the implementation of the Clearinghouse activity, the community college visitation, and the inter-campus visitation programs during the academic year was provided.

Information regarding recommendations made at the Human Relations Seminar recently held at the University of Arkansas at Pine Bluff campus for the operation of all the campus Human Relations Committees during the next academic year was explained. A list of the recommended activities was given to all members present.

INTEREST IN ARKANSAS DESEGREGATION PLAN

The Committee was informed of the interest in the Arkansas Desegregation Plan and its related activities by agencies and institutions of higher education outside the State of Arkansas. The interest in Arkansas desegregation efforts is expected to continue.

CONTINUATION OF IMPLEMENTATION

Commitments in the Plan that require continued implementation by the several institutions during the next academic year were emphasized. The commitments identified included (1) the initiation of student retention studies; (2) the development of a study of black student enrollment patterns and implementation of refined minority student recruitment procedures and/or activities, where warranted; (3) the necessity to maintain records that identify the race and sex of all student applicants for enrollment; (4) the establishment of a procedure to determine the impact on minority students of standardized tests used for admission purposes; (5) the necessity to maintain records that identify the race and sex of all applicants

for faculty positions; and (6) the institutional implementation of the Self-Help Program.

The meeting was adjourned at 11:45 A. M.
